

President's Message May 2023

Member-Guest Tournament

Our 2023 Member-Guest invitational was a great success! The Monday Funday pitch and putt was an addition this year to the tournament and provided us with fun games and lots of laughs! Members and their guests enjoyed two days of golf, great weather, good food and meeting new friends. Congratulations to Diana Walton and her guest Carol Frizzell, the overall winners of the tournament. Special thanks to the tournament committee and numerous volunteers for organizing this special event!

New Member

Let's welcome our new member, Terrie Pompa. Terrie joined our club after having such a great time participating in our Member-Guest tournament!

Message from Alex Anna – Greens Committee Member

As requested by many members, the directional cart signs in the middle of the fairway as you approach the green will be removed. The two cart signs on either side of the fairway in the rough will remain to show you where you need to exit the fairway. This will require players to pay close attention to where the exit point is. If players do not heed these signs and drive past the ones in the rough, the center sign in the fairway will return! So please help whoever is driving the cart to see the signs!

We are fortunate to have Alex on the Greens Committee representing the women golfers. If you have a course related issue/concern, email Alex at: alexandra.l.anna@gmail.com

Lions, Tigers and SNAKES, Oh my!!

Snake season is here! Please use caution on the course when looking for your ball. It is highly recommended that you stay out of the arroyos, take along a club or ball retriever if you must search for your ball. Please stay safe and remember it's an inexpensive golf ball vs. the cost and recovery from a rattlesnake bite!

What Tee Are You Playing and Why?

Do you struggle to get on the green in regulation? Is your current tee choice based on what others are playing? There are several tee choices available for all levels of golfers and SBRWGA encourages our members to choose the tee that

will give them the best golf experience, isn't that why we golf! There isn't a "one size fits all" tee. Gone are the days of having only one tee option for our members.

Below are Tee Recommendations located on the back of the SBR Golf Club Score Card:

<u>Tee</u>	<u>Driving Distance</u>
Gold	Under 130
Gold/Plum	130-150
Plum	150-170
Rust/Plum	170-190

Please talk to one of our Pros if you are unsure about your current tee selection. If you wish to change your tee designation, email Cathy Steel, our league day chair at: sbrwga@gmail.com

SaddleBrooke Women's Classic at HOA 1

The SaddleBrooke Women's Classic is May 16th at HOA 1. Please be sure that you have not signed up in Chelsea for the May 16th league day if you are playing in the SBWC.

Telegraph Tournament

May 23rd is the Southern District Women's Golf Telegraph Tournament and State Medallion #3 qualifying round. This is a one-day flighted net tournament. The league will cover the \$5.00 prize fee for the day. Our league day chair will be emailing additional information as it gets closer to the tournament.

Mountain View/Preserve GC Invite

MVP will be joining us June 20th for a flighted 4-person team game! It should be a perfect day to catch up with our friends from SaddleBrooke and celebrate the start of summer! The event patio has been reserved (with table service) so we can gather after the round and enjoy lunch!
